LA REATA 1959

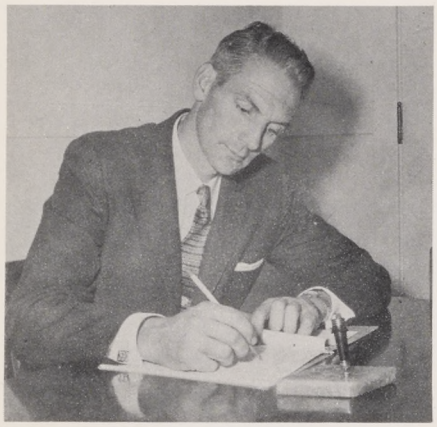

Without progress, nothing would be possible; and the year of 1958-59 has indeed been a progressive one. The new library now under construction would have dwarfed the entire college as erected in 1854. Originally attended by the sons of a few Dons, Hartnell this year boasts a new attendance high of over 1,100 students. Besides being ranked high academically, Hartnell will not soon be forgotten in athletics either, thanks to the '58 Panthers. So, as each of you moves onward to an upper division college or into your chosen field of work, perhaps this book will help you keep track of the friends and the good times you had during 1959, our "year of progress."

PUBLISHED BY THE ASSOCIATED STUDENTS OF HARTNELL COLLEGE, SALINAS, CALIFORNIA
